Remember that there may sometimes be no combinations in a spread at all!

Please note!

People who seek advice in the cards are often stuck in what they view as a no-win situation.

They are feeling trapped and despaired. Whatever they see in the cards or hear from "their" cartomancer is practically the "Bible" for them.

Especially when it comes to difficult situations, which can easily turn a person's whole life upside down, such as a terrible disease, death, divorce or even the loss of their workplace may "knock " these people "out of the race".

It is therefore particularly important to point out that , although there is a separation "on the cards", this is not inevitable.

We all hold the key to our future in our hands. It is what we are doing and how we are dealing with a situation **now**, that determines what will happen **in the future**.

Please make sure you always offer a way out of such a situation!

The diagonal axes will show you the way!

Another important thing you should never forget is the following:

Please mind the combinations! Always keep an eye on these special constellations!

You will find out what is going on a lot faster, if you know your combinations well.

Once you have laid out your full spread (Grand Tableau)

look out for your topic card and let your eyes wander along the respective axes. Listen to the little "bing!" in your head once you have recognised a constellation, which seems familiar to you.

Could this be a Combination?

If yes: What is it telling me?

In the following example the question is: 'divorce yes or No?'

Do you remember which cards indicate such an event?
